

PROJECT 2025 **TOOLKIT**

Help Spread The Word About This Extremist Agenda

Project 2025 is the far-right extremists' vision for America. It's a plan formulated by politically powerful allies and supporters of Donald Trump to implement when he returns to the White House. They've already begun implementing it with Trump's nomination of many people who wrote it to some of the most powerful positions in government.

Project 2025 will hurt all of us and it goes against what most Americans want for our country. The best way to fight it is to stay informed and share this information with others in your community. Talk to your friends, bring it up at social gatherings, text your contacts and share on social media. Use the resources in this toolkit to reach everyone you know.
