

# DON'T LET **RICK SCOTT** CANCEL YOUR VOTE FOR AMENDMENT 4

## WANT TO PROTECT REPRODUCTIVE FREEDOM IN FLORIDA?

You know why you're voting Yes on Amendment 4. Like the majority of Floridians, you believe that women should be able to make their own personal health care decisions without government interference. You want to put a stop to Florida's extreme abortion ban.

But many of us are just becoming aware that U.S. Senator Rick Scott, who is seeking re-election, is a threat to reproductive freedom and way out of touch with what most of us want.

- As Senator, he sponsored a **national abortion ban** and has said he supports Florida's near-total abortion ban with no real exceptions for rape, incest, or the life of the mother (and said he would have signed that into law if he were governor).
- He even voted **against protecting fertility treatments like IVF and access to contraception**.
- Looking forward, Rick Scott supports Donald Trump's **Project 2025 agenda which includes monitoring people's pregnancies**, banning medication abortion (including when used for miscarriage management), and restricting access to IVF and birth control.

## DEBBIE MUCARSEL-POWELL

She believes that decisions about abortion should be between women and their doctors – not politicians.

Regardless of our party affiliation, we must vote for Democrat Debbie Mucarsel-Powell for U.S. Senate because we have a responsibility to all the women in our lives to make sure they can make decisions about their own bodies and lives.
