# THE RWB NETWORK

- The RWB Network (formerly TroubleNation by Red Wine & Blue) is a national community of local (grassroots) groups supported by Red Wine & Blue, launched in 2023.
- We help new local groups get started and existing groups grow and strengthen.
- At the RWB Network, we believe your power is rooted in both freedom and community.
- You lead your group your way, with your own name and local focus. At the same time, you're part of the Red Wine & Blue community, which comes with many benefits.
