

RALLY TO GET OUT THE VOTE

YOUR TOOLKIT FOR NOVEMBER

Talking to the people in your network about voting is the #1 MOST effective thing you can do to help win elections.

Trust in the news, politicians, and institutions is at an all-time low. But people still trust the people they know. That's you.

That's why we organize friend to friend. You make sure everyone in your circle votes the whole ballot, from school board to Congress. This toolkit gets you started.

FIRST STEP: BUILD YOUR LIST

- **Create a list of people you'll commit to talking to about voting this year.** Our [Circle of Influence worksheet](#) walks you through the different groups in your life — family, friends, coworkers, neighbors — so you don't leave anyone out.

SECOND STEP: CHOOSE YOUR PATH

Want a tool that shows you who's a regular voter and who could use a reminder, helps you build vote plans, and check whether someone's already voted?

- **Yes.** Jump to the next section to get set up on the Rally platform.
- **No, I'd rather go analog.** Fill out this [short form](#) to tell us how many voters you're pledging to contact. It takes under a minute, and it tells us you're on the friend-to-friend team so we can track how many voters we're reaching. Then start working your list and watch for updates from us.
