Recruitment

Rough Typology

	Self-IDed Upstart	Cautiously Curious	Not on the Radar
Vibe	"I want this"	"I thought about this"	"This is new to me"
Committed to idea	✓	?	?
Values-aligned	?	?	?
Ready to campaign	✓	?	?
Goals	Vet and set expectations	Fill in the gaps	Full scope recruitment

Recruitment Conversations

Be prepared to keep **the conversation open**.

Most potential leaders will **laugh at first**.
They will also be flattered.

Do not mistake initial disbelief or gratitude as a
commitment one way or another.

When working through objection, **listen and be respectful**.

Be clear in what your role is and how you can support.
Be honest about expectations:
their expectations, others' expectations.

Recruitment Conversations

If there's interest and the discussion wanders into what it would be like to run, **watch for red flags:**

- *"I **can't knock** on doors M-Th or Sun due to softball*
- *"I simply **can't ask** anyone for money."*
- *"**You'll have to do most of the work** because my job/family/hobby take a lot of time."*

Recruitment Conversations

Will there be training and support?

There will be training hosted by the caucuses and Lead PA. Exact timing and content TBD. We can also refer to additional training resources.

Support types and amounts vary by candidate and district. To manage expectations with all candidates, there is no guarantee of support or staff at this time.
